Shaoxing Undis Medical Technology Co., Ltd is a leading manufacturer of respiratory and anesthesia products. We offer comprehensive portfolios including: Ventilation Circuits, Humidification system with heating wire circuit, Closed suction system, Anesthesia mask, Breathing Filter and combined HMEF as well as various components.

All products provided by Undis Medical are manufactured to the highest industry standards. ISO 13485 is just as much a part of our daily routine as the strictest adherence to the CFDA, CE, GMP Quality System Regulation.

We strive to offer products of real value that meet our customer's needs. Our continuous commitment is to the development of total solution for hospital, emergency and home environments.

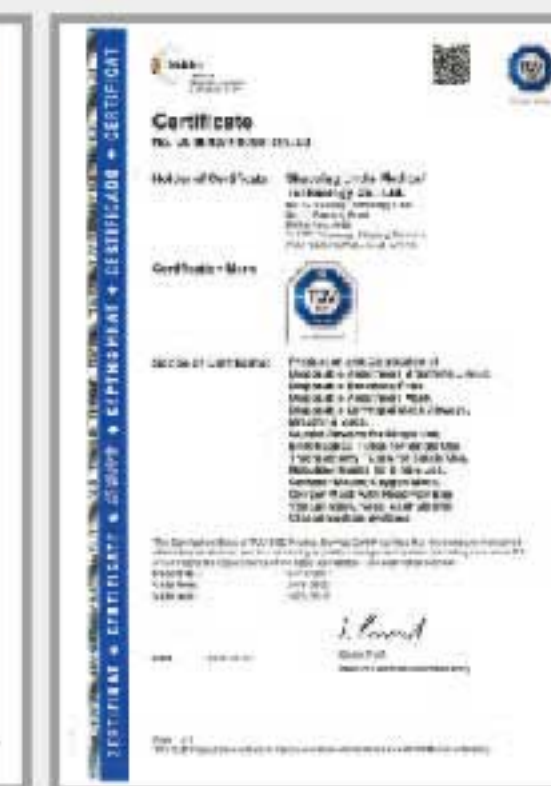

All for Health, it's not only the slogan of Undis, but also our goal to provide best practice respiratory product solutions for patients and clinicians, offering quality, innovation and choice.

B VENTILATION SYSTEM

Anesthesia Circuit

Undis® offer a wide range of anesthesia circuits available in different lengths and configurations for anesthesiology, operating and recovery room.

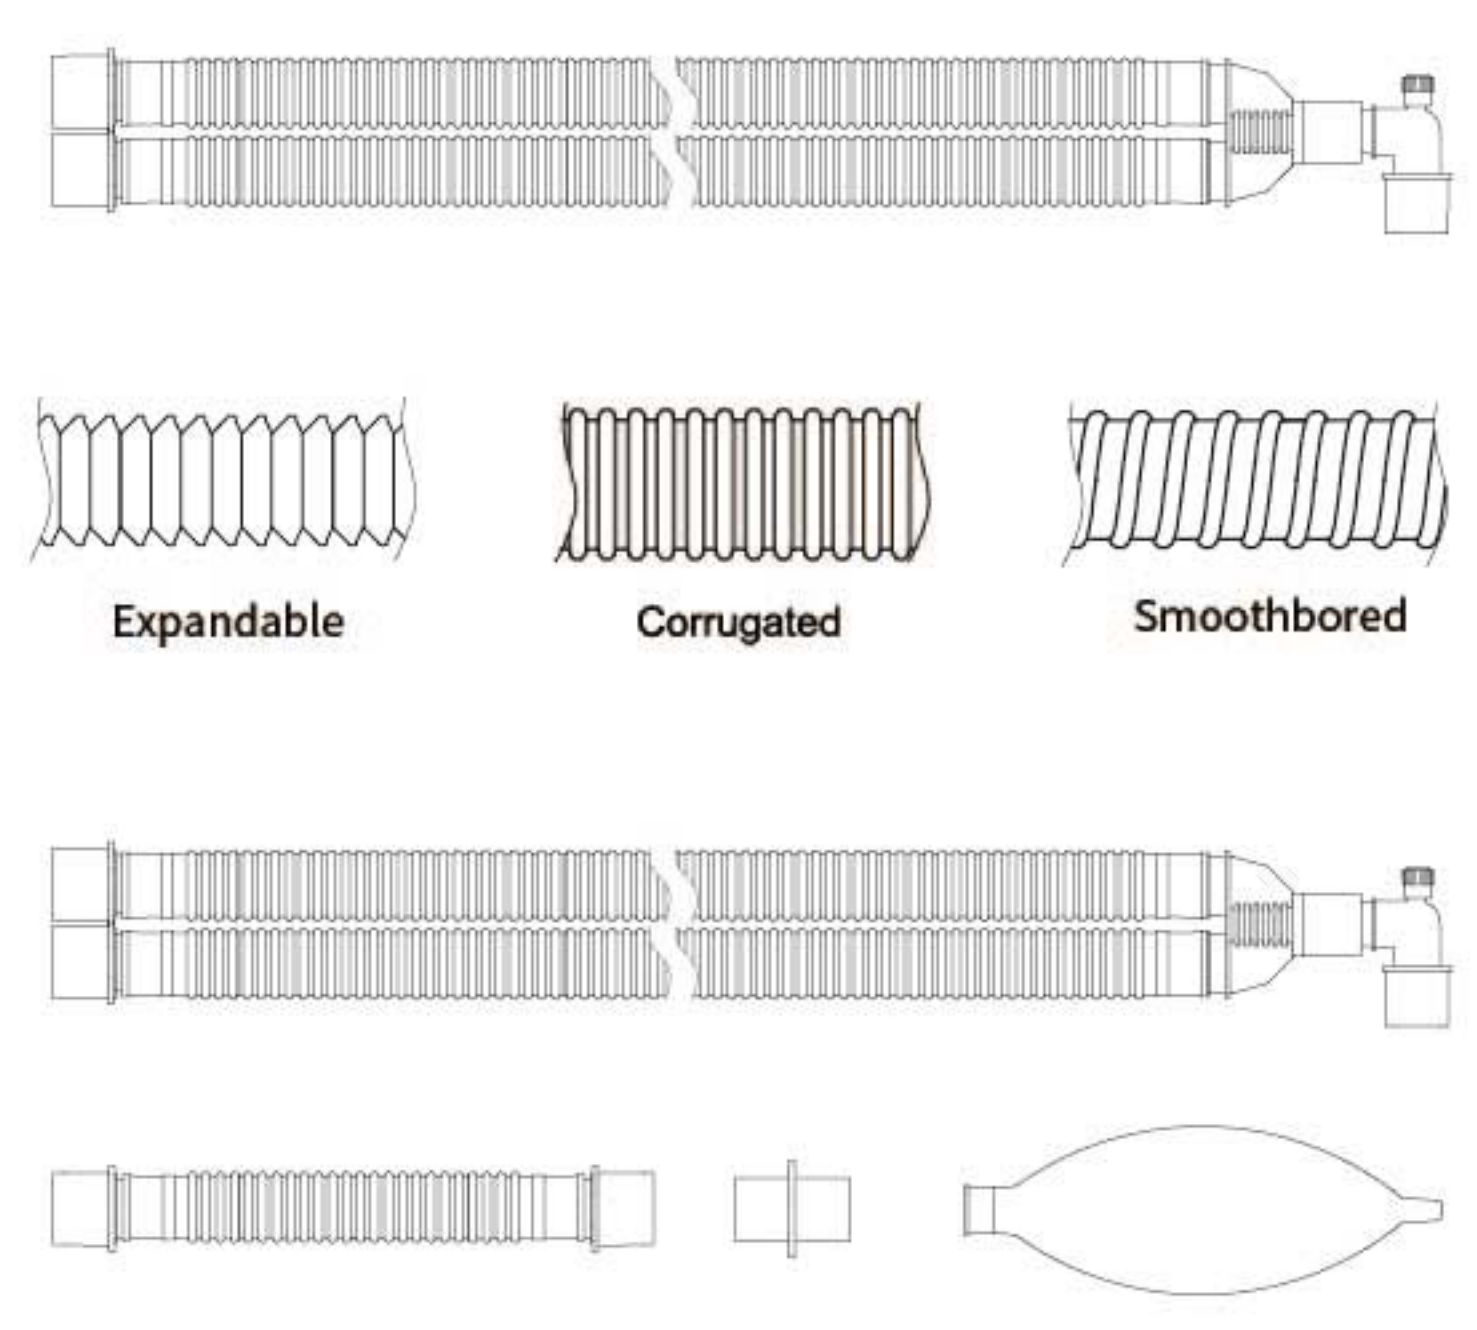

- Low airflow resistance directly bonded connectors to the tube for avoiding leakage risks.
- Bio-compatible and Phthalates free material reduces allergy risk in patients.
- Tubing types: Corrugated, Expandable, Smoothbored.
- Standard 22mm/15mm/10mm connection meet ISO-5356-1.
- Optional accessories: Anesthesia Mask, Re-Breathing Bag, Filter, HMEF, Catheter Mount and etc.

Breathing Circuit

Undis® offer a wide range of breathing circuits available in different lengths and configurations for anesthesiology, operating and recovery room.

- Low airflow resistance directly bonded connectors to the tube for avoiding leakage risks.
- Bio-compatible and Phthalates free material reduces allergy risk in patients.
- Tubing types: Corrugated, Expandable, Smoothbored.
- Standard 22mm/15mm/10mm connection meet ISO-5356-1.
- Optional accessories: Anesthesia Mask, Water trap, Filter, Catheter Mount and etc.

Corrugated circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-01-01	22mm
Pediatric	150cm/60"	MZG-01-02	15mm
Neonatal	150cm/60"	MZG-01-03	10mm

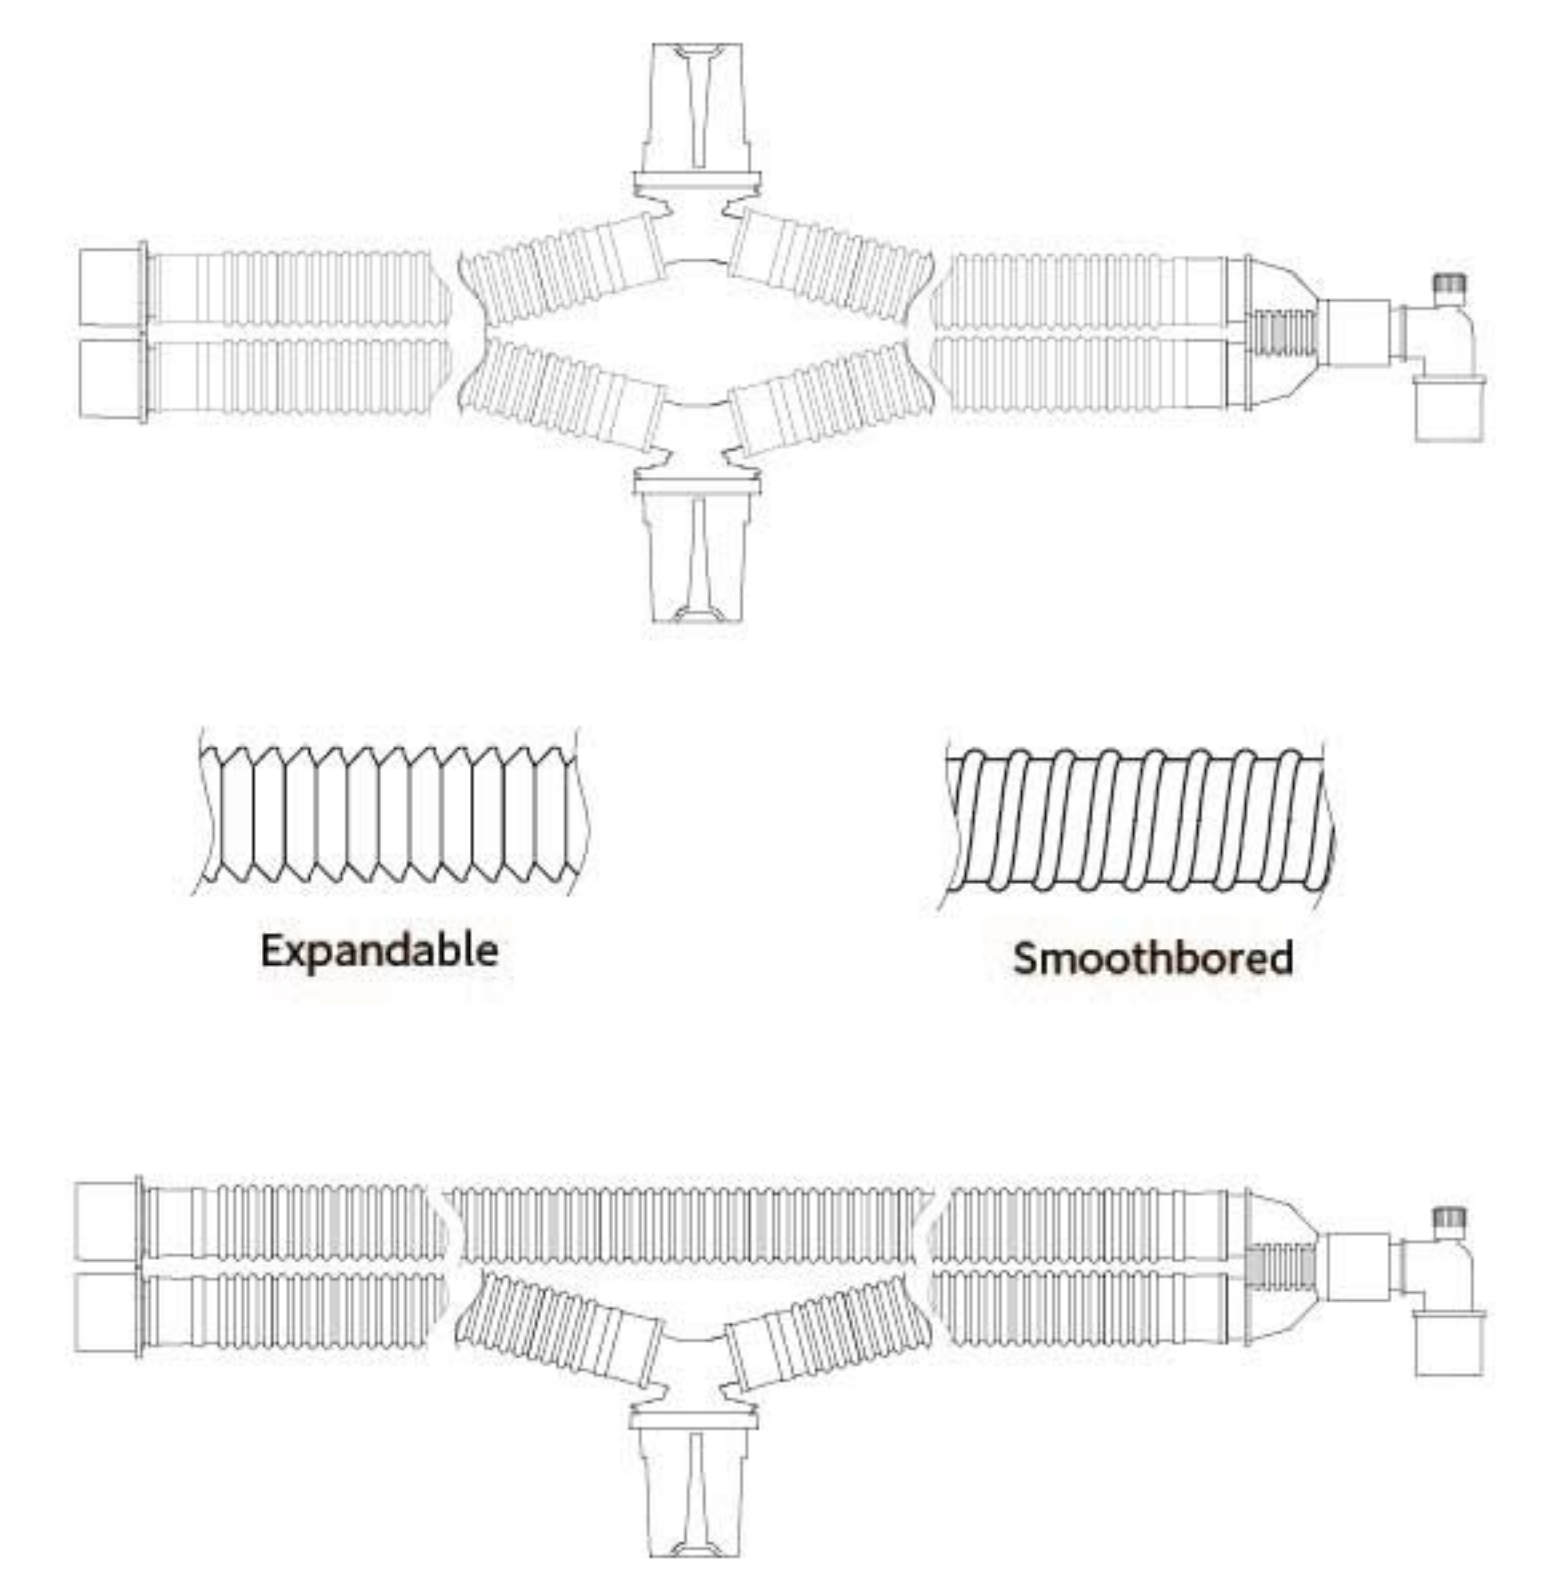

Expandable circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-02-01	22mm
Pediatric	150cm/60"	MZG-02-02	15mm

Smoothbored circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-03-01	22mm
Pediatric	150cm/60"	MZG-03-02	15mm

Corrugated circuit			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-01-01	22mm
Pediatric	150cm/60"	HXG-01-02	15mm
Neonatal	150cm/60"	HXG-01-03	10mm

Expandable circuit			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-02-01	22mm
Pediatric	150cm/60"	HXG-02-02	15mm

Smoothbored circuit			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-03-01	22mm
Pediatric	150cm/60"	HXG-03-02	15mm

Single limb circuit

Undis® offer vary kinds of single limb circuit for different applications.

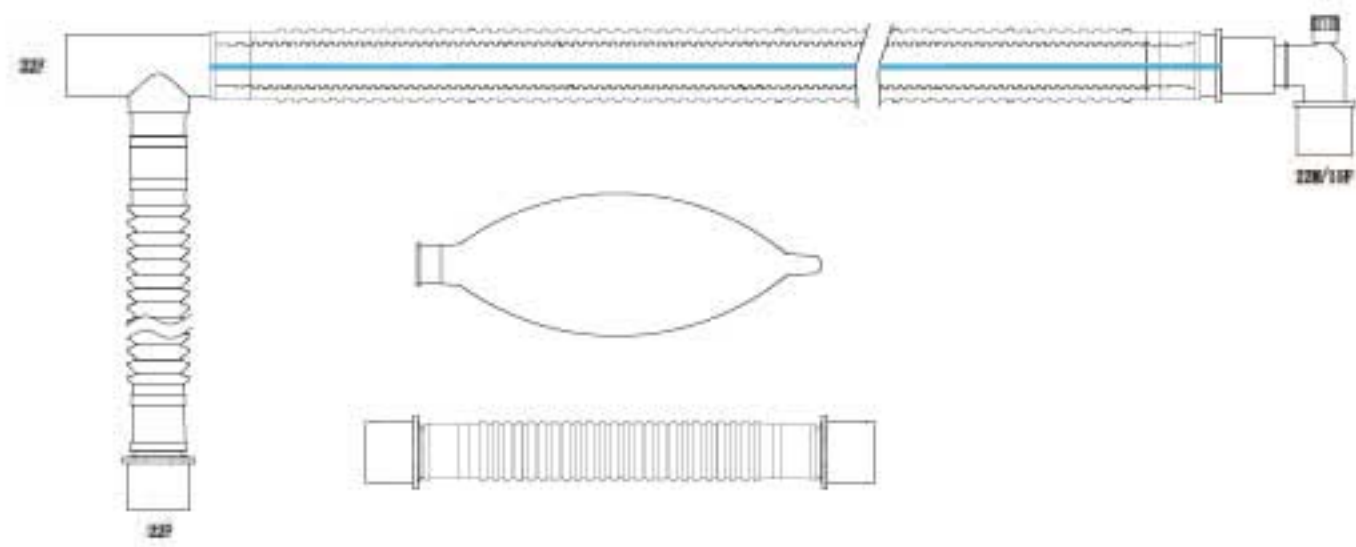

- Less weight than dual limb circuit.
- All fittings comply with ISO 5356 standard.
- Low airflow resistance directly bonded connectors to the tube for avoiding leakage risks.
- Duo-limbo circuit, Coaxial circuit, IPPB circuit.

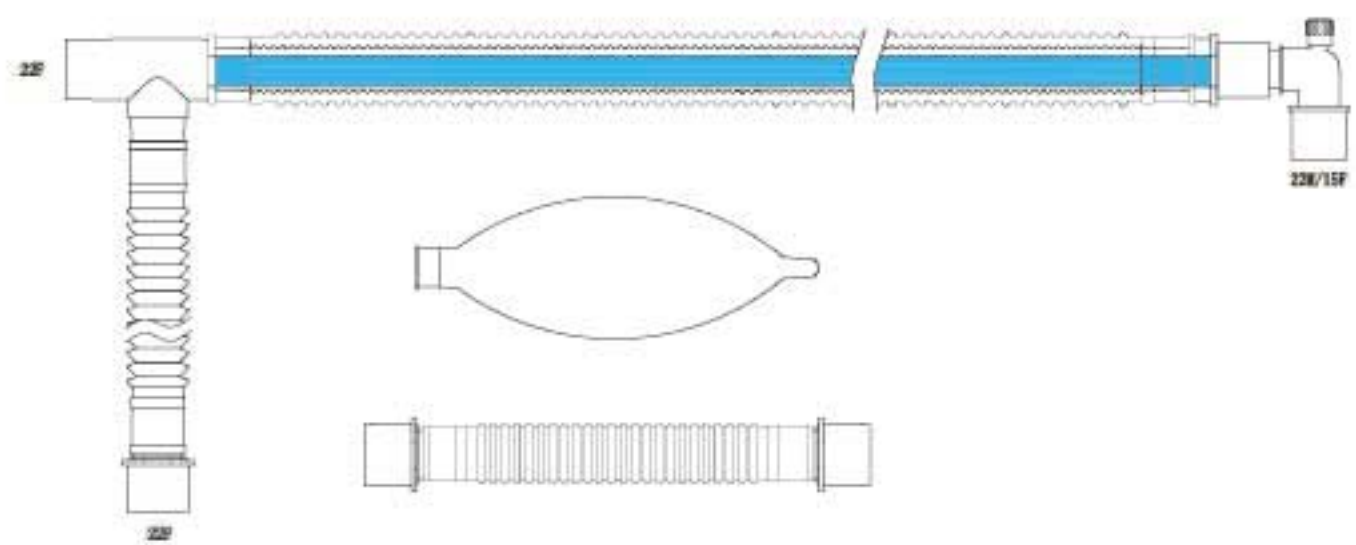

Circuit with therapy

Undis® design for the patient need aerosol and MDI therapy without disconnect the tubing when doing ventilation.

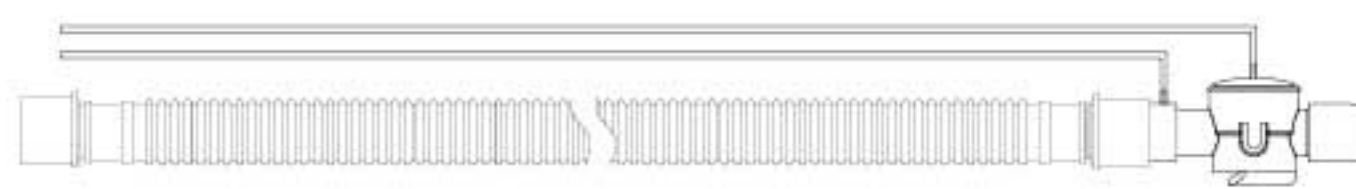

- All fittings comply with ISO 5356 standard.
- Available to be connected with all sorts of anesthesia breathing circuit for therapy.
- Tubing types: Corrugated, Expandable, Smooth-bored. Include MDI, Nebulizer and Entonox Therapy.

Duo limb circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-06-01	22mm
Remark	Unique design to avoid air leakage.		

Coaxial and Expandable Coaxial circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-04-01	22mm
Pediatric	150cm/60"	MZG-04-02	15mm

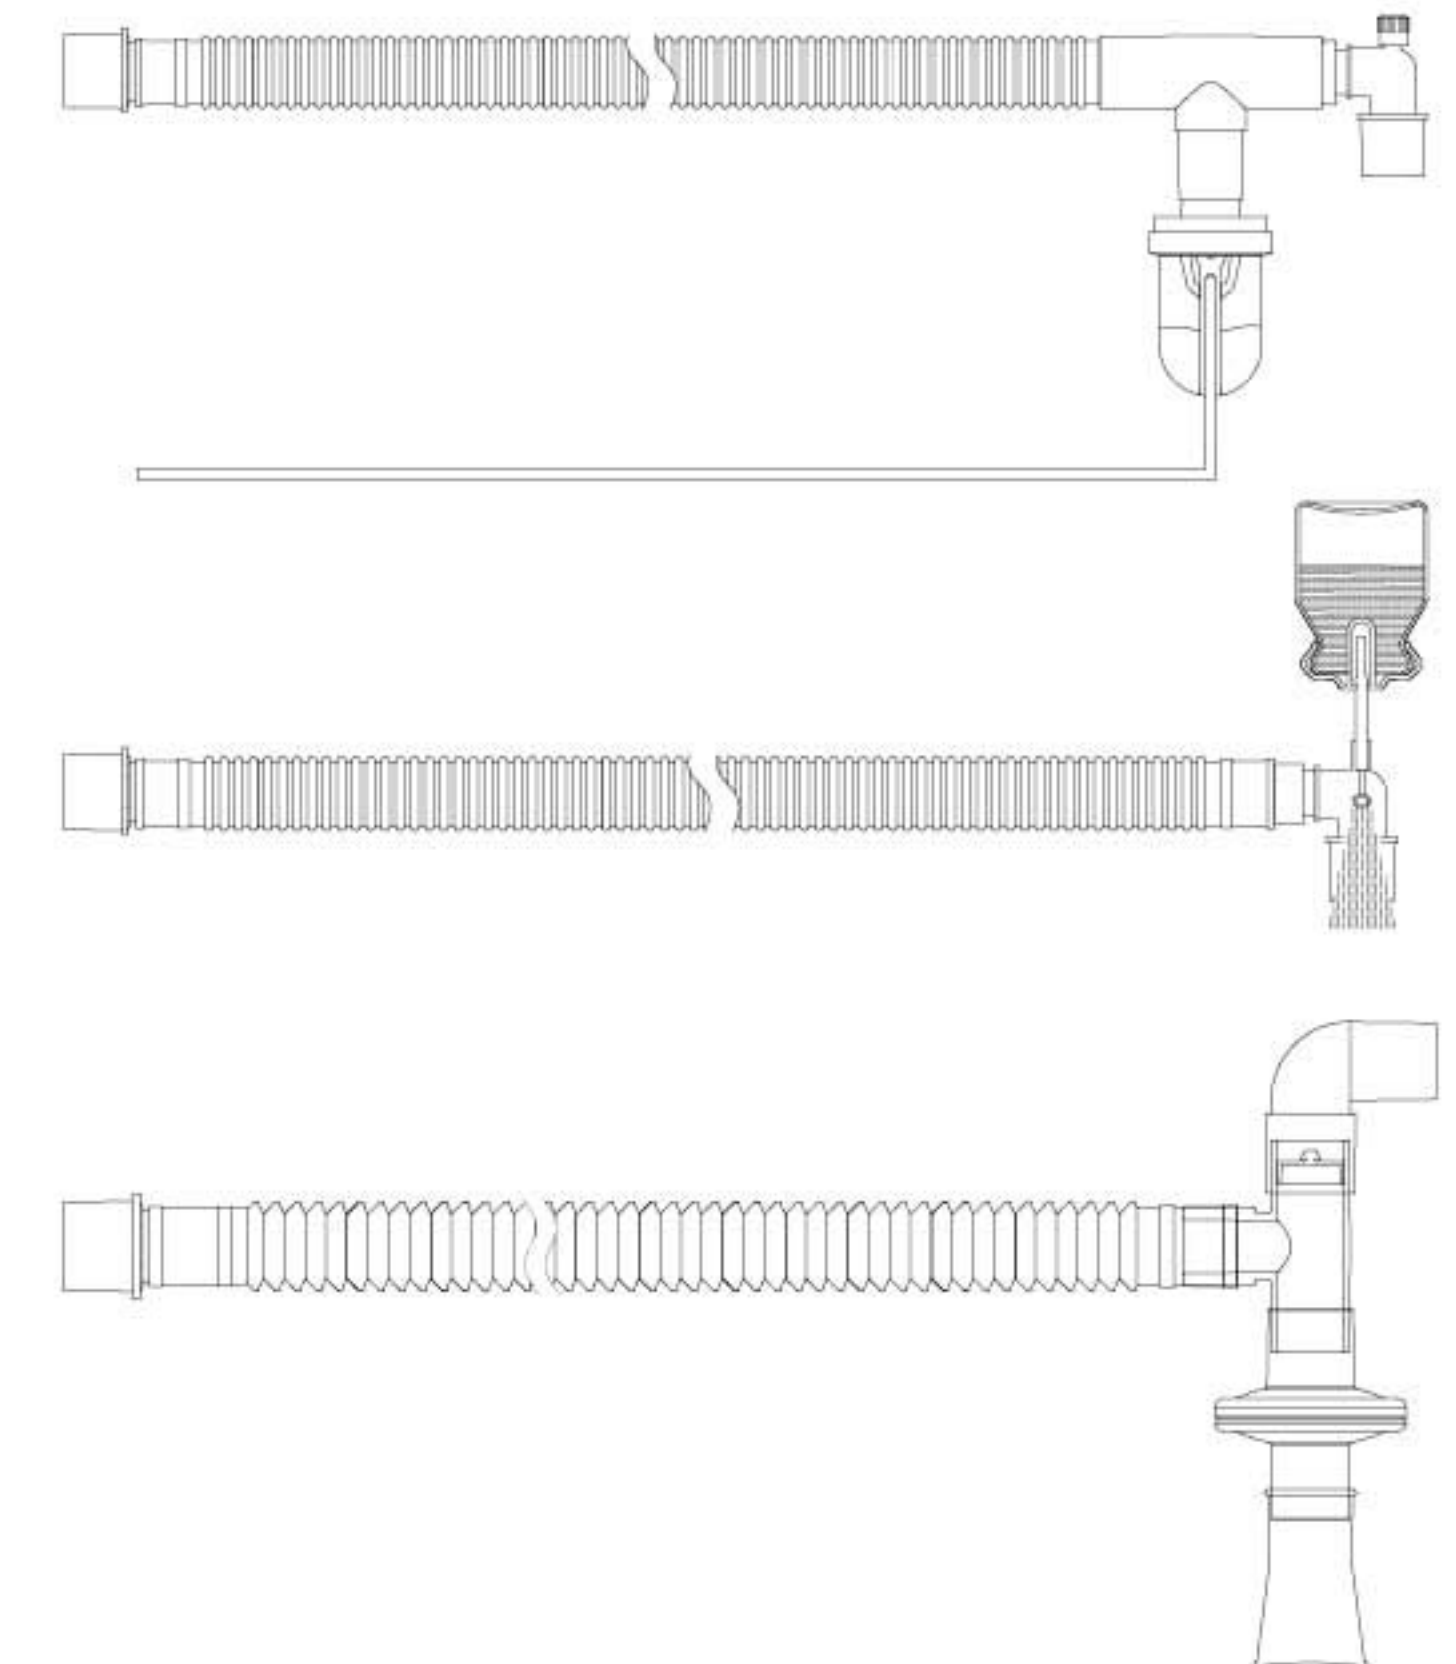

IPPB circuit			
	Length	Item No.	Connection
Adult	180cm/70"	MZG-05-01	22mm
Pediatric	150cm/60"	MZG-05-02	15mm
Neonatal	150cm/60"	MZG-05-03	15mm

Nebulizer therapy			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-04-01	22mm
Pediatric	150cm/60"	HXG-04-02	15mm

MDI therapy			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-04-01	22mm
Pediatric	150cm/60"	HXG-04-02	15mm
Neonatal	150cm/60"	HXG-04-03	10mm

Entonox circuit			
	Length	Item No.	Connection
Single limb	180cm/70"	HXG-05-01	22mm
Dual limb	180cm/70"	HXG-05-02	22mm

Heating Wire Circuit – Reusable and Disposable

Undis® design for use together humidifier.

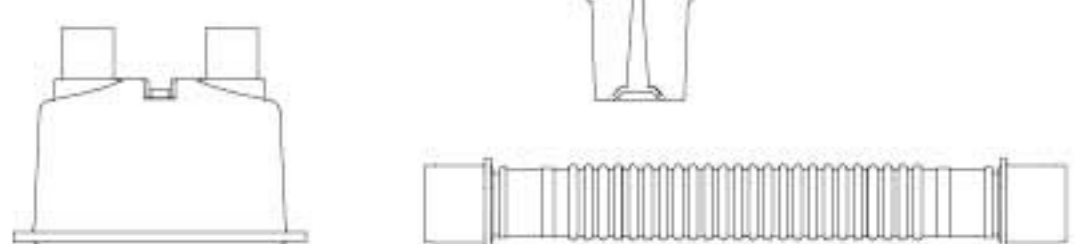

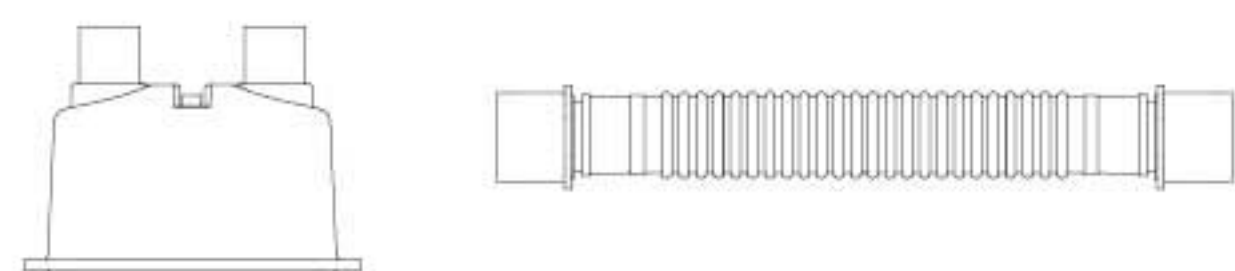

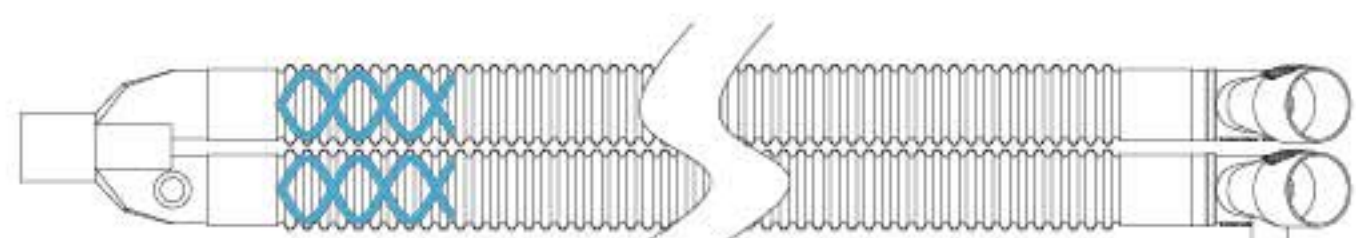

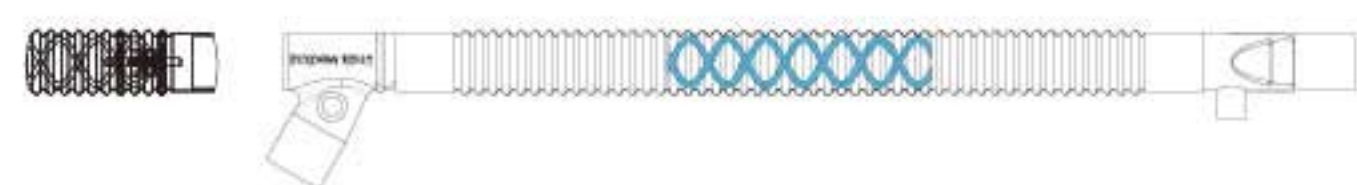

- Compatible with MR850 inspiratory.
- Minimizing condensate related ventilator alarms.
- Color identification: blue inspiratory limb, white expiratory limb.
- Available to be used in corrugated, smoothbored and CPAP tubing.
- Reusable one is available to autoclavable.

Embedded heating wire circuit

Undis® design for use together humidifier.

- Minimizing condensate during humidification.
- Color identification: blue inspiratory limb, white expiratory limb.
- Low airflow resistance directly bonded connectors to the tube for avoiding leakage risks.

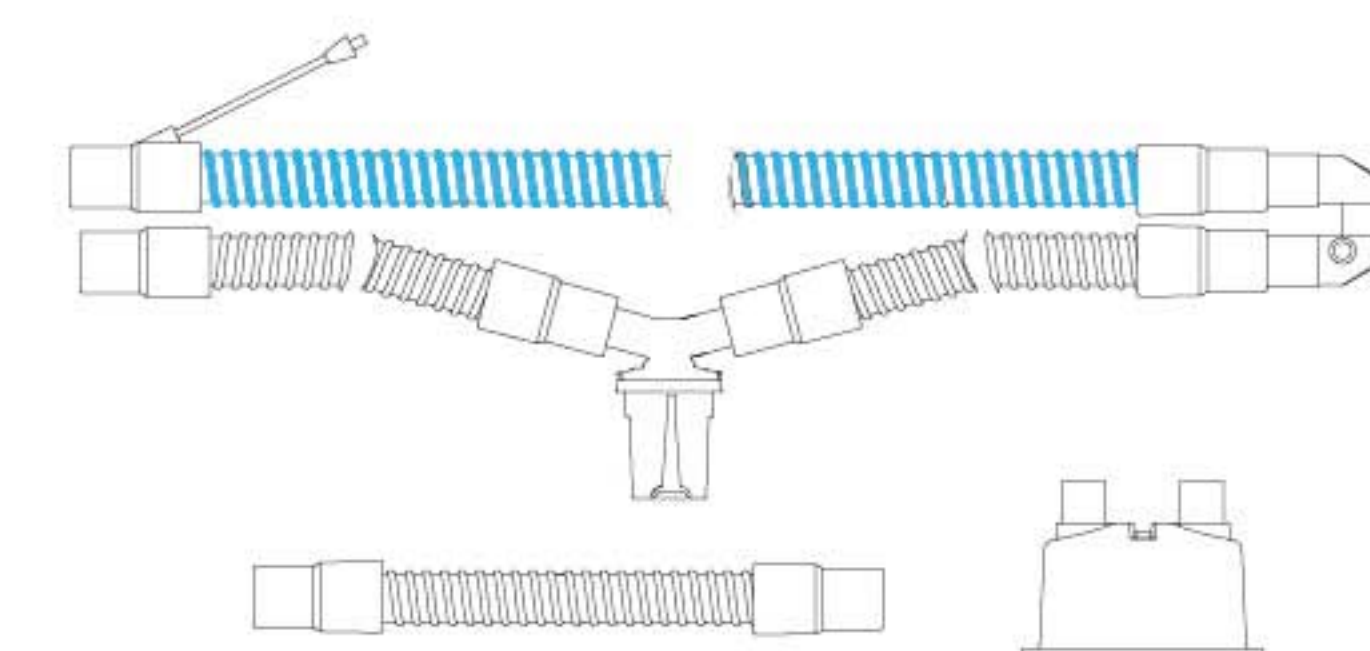

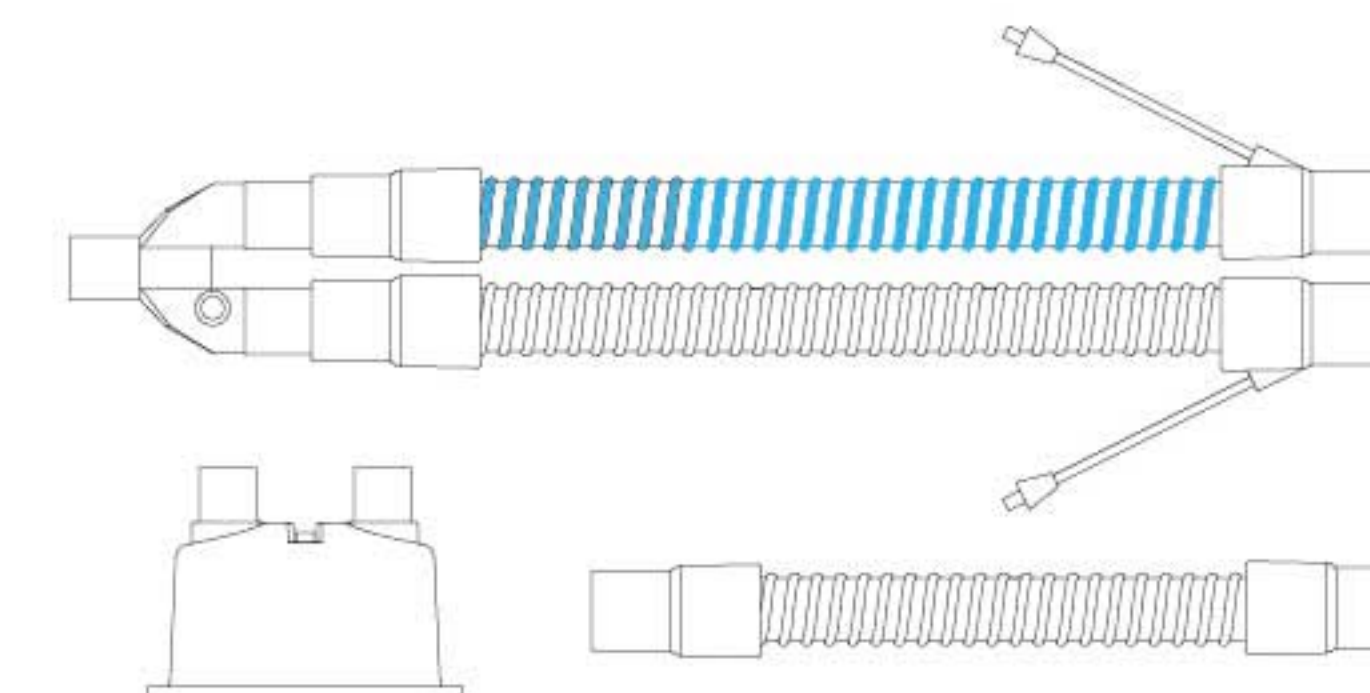

Dual Heating Wire			
	Length	Item No.	Connection
Adult	150cm/70"	HXG-06-01	22mm
Pediatric	120cm/47"	HXG-06-02	15mm
Neonatal	120cm/47"	HXG-06-03	15mm

Single Heating Wire			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-06-04	22mm
Pediatric	150cm/60"	HXG-06-05	15mm
Neonatal	150cm/60"	HXG-06-06	10mm

Dual Heating Wire			
	Length	Item No.	Connection
Adult	150cm/70"	HXG-07-01	22mm
Pediatric	120cm/47"	HXG-07-02	15mm

Single Heating Wire			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-07-03	22mm
Pediatric	150cm/60"	HXG-07-04	15mm

CPAP/BPAP Circuit

Manufactured by Undis Med, CPAP is the method of ventilating a patient applying a higher pressure than environmental atmospheric pressure to the airways of the patient to improve oxygenation via ventilator or a CPAP machine.

Reusable Circuit

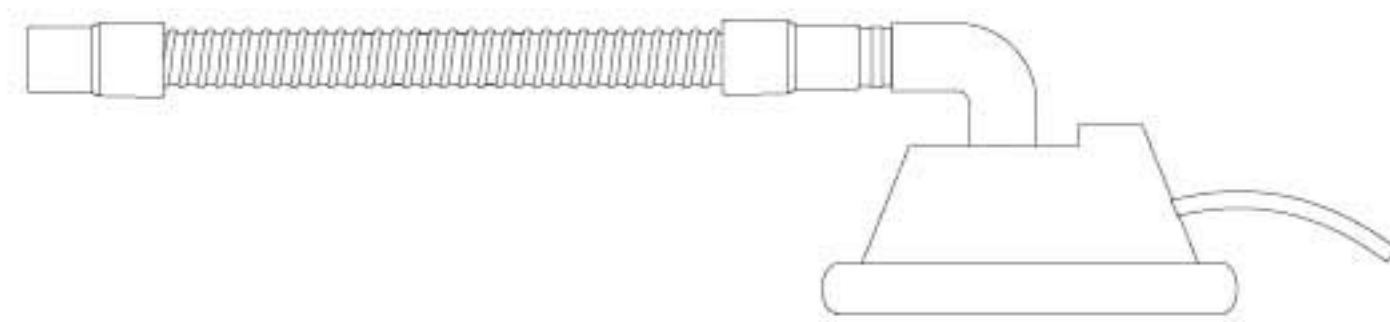

Undis® offer a wide range of reusable anesthesia breathing circuits available in different lengths and configurations for anesthesiology, operating and recovery room.

- Low airflow resistance directly bonded connectors to the tube for avoiding leakage risks.
- Bio-compatible and Phthalates free material reduces allergy risk in patients.
- Standard 22mm/15mm/10mm connection meet ISO-5356-1.

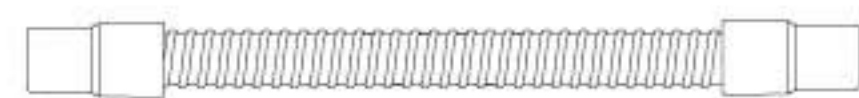

Patient Circuit w/ Leakage			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-08-03	22mm
Pediatric	150cm/60"	HXG-08-04	15mm

Reusable Breathing Circuit			
	Length	Item No.	Connection
Adult	150cm/70"	HXG-09-01	22mm
Pediatric	150cm/60"	HXG-09-02	15mm

Reusable silicone mask with CPAP tubing			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-08-04	22mm
Pediatric	150cm/60"	HXG-08-05	15mm

Reusable Breathing Circuit

Adult	150cm/70"	HXG-09-03	22mm
Pediatric	150cm/60"	HXG-09-04	15mm

CPAP tubing			
	Length	Item No.	Connection
Adult	180cm/70"	HXG-08-01	22mm
Pediatric	150cm/60"	HXG-08-02	15mm

Reusable Single Limb			
	Length	Item No.	Connection
Adult	150cm/70"	HXG-09-05	22mm
Pediatric	150cm/60"	HXG-09-06	15mm

C CATHETER MOUNT

Undis® range of catheter mount includes a wide choice of corrugated, expandable and smoothbored configurations.

- 360 degree double swivel elbow connector.
- Patent cap design to avoid air leakage.
- Luer lock port for gas sampling.
- ISO standard 22mm or 15mm adapters available.

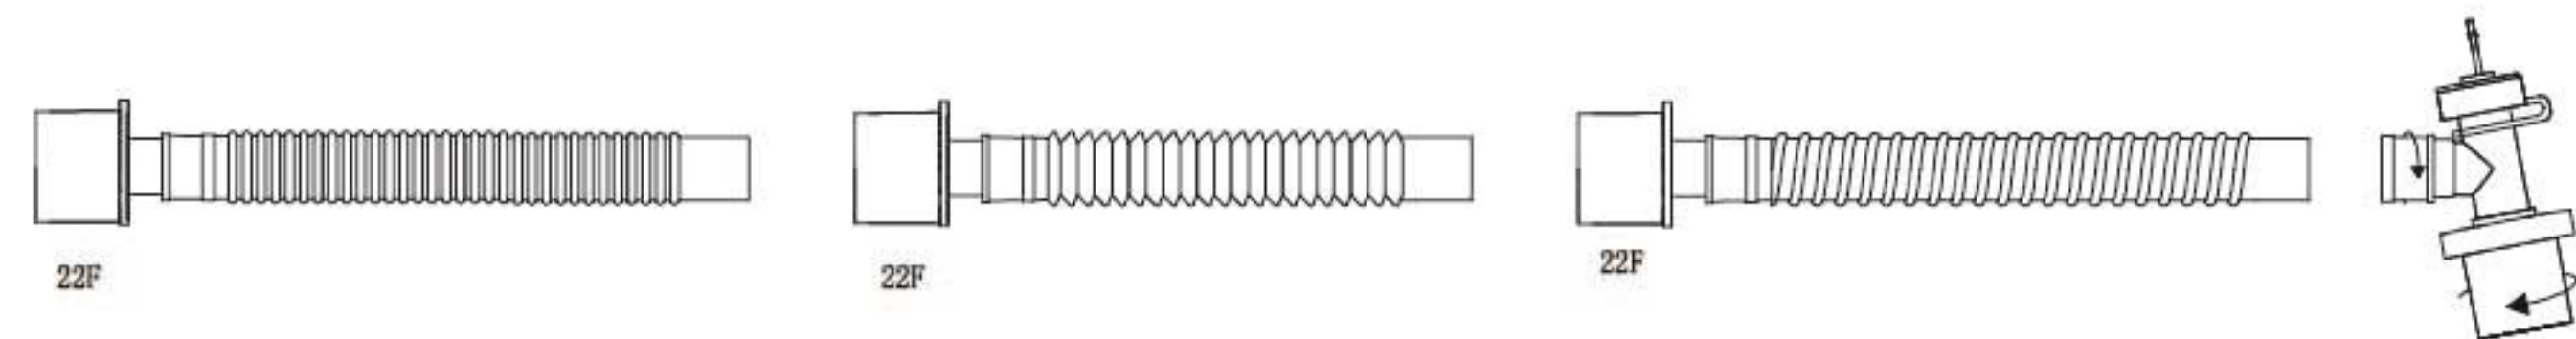

D BREATHING FILTERS

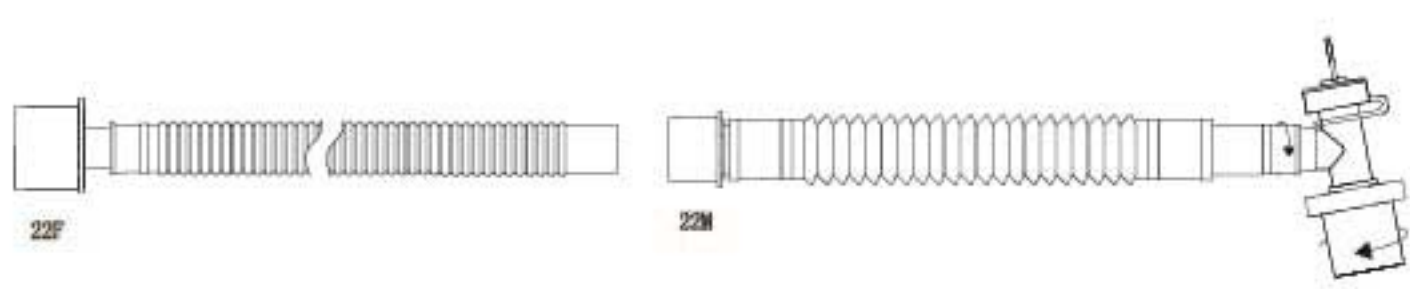

BVF

Dedicated to the quality, Undis® bacterial filters help minimize bacterial and viral particle penetration for use in anesthesia and intensive care.

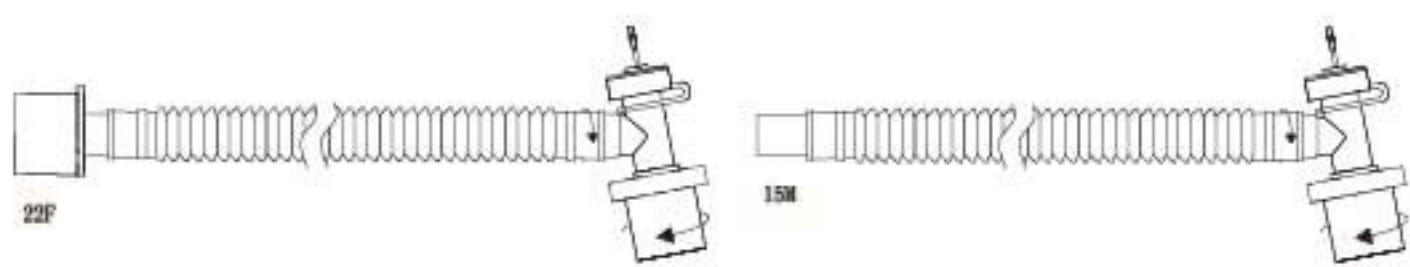

- Low dead space to minimize the risk of re-breathing carbon dioxide.
- Luer lock port for gas sampling.
- ISO tapered connection to ensure secure connection without air leakage.
- H&V® filtration membrane to ensure high filtration efficiency up to 99.9999% with testing particle size ~3µm.
- Size: adult, pediatric.

HMEF

Undis® offer a completed range of HMEF with high filtration efficiency and moisture output for patient protection and humidification.

- Low dead space to minimize the risk of re-breathing carbon dioxide.
- Luer lock port for gas sampling.
- ISO tapered connection to ensure secure connection without air leakage.
- H&V® filtration membrane to ensure high filtration efficiency up to 99.99% with testing particle size ~3µm.
- High level moisture output up to 25mg@500VT.
- Size: adult, pediatric, neonatal.

HME, HPEA and other filters

Undis® tracheostomy HME help to maximize the humidify with extremely low resistance and compatibility for the patient.

High level moisture output up to 24-25mg@500VT.

- Available for 24Hour and 72Hours for all sizes Patent control switch, a “click” sound when fully turn on and turn off the switch.
- Catheter with soft tip and side holes.
- Color depth indicator.
- Dual swivel connector.

F MASKS

A completed range of single use anesthesia masks, applicable with breathing and anesthesia circuits, manual resuscitator and other suitable medical gas ventilation.

- Completed range of sizes from adult, pediatric and neonatal. Color coded hook ring for size marked.
- Inflatable air cushion for better sealing.
- Bio-compatible material reduces allergy risk in patients.
- ISO standard connections.

Anesthesia mask

CPAP mask

Designed to provide a good seal when fitted to CPAP tubing and machine.

Available for both disposable and re-usable application.

G MANUAL RESUSCITATOR

Undis® offer a wide range of manual resuscitator available in different configurations for emergency care.

- Equipped with pressure relief valve at 60/40/20 cmH2O with overridden mechanism.
- Two different materials of Silicone, and PVC for reuse or disposable.
- Three sizes available: adult, pediatric and infant. ISO standard connectors.
- Optional accessories: PEEP valve, Guedel airway and etc.

Stomach tube PVC

- Medical-grade PVC (DEHP or DEHP free available)
- With lumen suctioning secretions accumulated under cuff

Type	Size		Item NO.
Yankauer suction handle	Flat tip	Without	YKG-01-01
	Flat tip	With	YKG-01-02
	Crown tip	Without	YKG-01-03
	Crown tip	With	YKG-01-04

Yankauer suction handle

Suction connecting tube

- Medical-grade PVC (DEHP or DEHP free available).
- With lumen suctioning secretions accumulated under cuff.

Type	Size		Item No.	Remark
Suction Connecting Tube	Flat tip	Without	YKG-02-01	Length can be customized
	Flat tip	With	YKG-02-02	
	Crown tip	Without	YKG-02-03	
	Crown tip	With	YKG-02-04	

Guedel Airway

- Color coded for easy identification of sizes.
- Made of polypropylene.
- With reinforcement insert.

Type	Size(mm)	Item No.	Size(mm)	Item No.
Guedel Airway	50	KYD-02-01	90	KYD-02-05
